This property is now rented/off-market. Be first to live in this newly remodeled 1st floor apartment tucked away on a low density residential block in the SE pocket of Portage Park. This sun drenched west facing apartment offers every modern convenience such as in-unit laundry, central heat and air, stainless steel appliances, quartz countertops, all new light fixtures, blinds and ceiling fans. This 2 bed/2 bath apartment has some wonderful character including refinished hardwood flooring, original built-in and formal dining room complete with coffered ceiling. Primary suite features it's very own full bathroom with large walk-in shower and the main bathroom offers a bathtub. The ultra modern and bright kitchen also features an island and plenty of space for cooking and entertaining. This unit also features a new furnace, a/c condenser and new windows for maximum efficiency plus updated plumbing and electrical. Ideally located close to numerous public transportation options such as the Metra train and bus service on Addison. This building sits on an oversized lot with plenty of backyard space. There is also plenty of available permit parking on the block. Available for immediate occupancy.
